

Parent Involvement

An essential aspect of our program

- Due to the large number of candidates involved in our Confirmation Program, we need to rely heavily on the generosity of our parents to be involved in organizing, supervising or giving their time at various events throughout the year. We ask that one parent from each family be involved in the program throughout the two years.
- Please check off at least three activities in preference below that you would like to share your talents. We will do our best to only schedule you to one activity. Also, if you have an idea in which way that you can use your talents and be involved in the program, please feel free to suggest it as well.
